

Simple board to break out any 5-to-8 pin DIN socket.

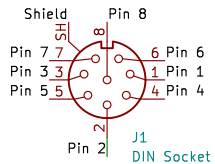

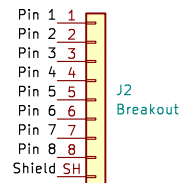

I've been using Deltron 671-0x01 series (or similar) as the same 8-pin footprint works for multiple sockets:

671-0501 = 5-pin DIN

671-0601 = 6-pin DIN

671-0701 = 7-pin DIN

671-0801 = 8-pin DIN
